XSales®

Introducing XSales® Consumer

The online self-service platform that allows suppliers to receive pre-sales orders directly from their clients.

- Without their sales reps' presence.
- At any time.
- From anywhere.

Descargar de la **App Store**

With XSales® Consumer, suppliers can access new segments, sales channels and geographic areas, expanding their installed client base and increasing their sales, even in complex scenarios.

Benefits

Greater exposure and reach. Suppliers are visible to clients and non-clients (prospects).

Service cost reduction by client segmentation.

Fixed fee per transaction for the supplier (not percentage).

Minimum sales order amount & delivery dates' configuration.

Direct integration to the Supplier's ERP (validating all business rules).

Mobile advertising (m-Ads) for targeted clients.

All this for no initial investment
