XSales℠

Introducing XSales℠ Consumer

The online self-service platform that allows suppliers to receive pre-sales orders directly from their clients.

- Without their sales reps' presence.
- At any time.
- From anywhere.

XSales™ Consumer Mobile 1.5.7

Free donwload for all clients

Descargar de la **Google Play**

Descargar de la **App Store**

With XSales℠ Consumer, suppliers can access new segments, sales channels and geographic areas, expanding their installed client base and increasing their sales, even in complex scenarios.

Benefits

Expand Customers installed base

Implement additional sales channel

Reduce service cost

Publish in-app advertising – Mobile advertising (m-Ads)

Avoid lost sales in case Sales Reps can not meet the customer face-to-face

Offer free-download App available in iOS and Android

Enable to receive Presale Orders at any time

Improve Customer service – sales order status visibility

Push notifications

Pay flat fee per transaction– instead of a percentage

Enforce minimum sales order amount & delivery dates

All this for no initial investment
